

## **AW49 Sandown Hosteleries**

The hosteleries in Sandown taking part this year are all in close proximity to each other.

Starting at the **Ocean Deck**, Ocean Hotel on the High Street, walk along the High Street to where the Rock Shop is situated. With the view of the pier on your left, take the right turn on to Fitzroy Street which itself turns sharp right *before* you get to the Glory Art Glass Studio. **The Castle** is on the right hand side shortly afterwards in Fitzroy Street. Next, cross over to St John's Road, which runs parallel to Fitzroy Street. There are several ways- possibly walk towards the High Street/Sandown sea front, turning left on to Melville Street and immediately turning left again into St Johns' Road.

Or cut across between the two on Station Road or Leed Street.

The **Old Comical** is on St Johns Road and is very close then to the **Caulkheads** on Fort Street.

You can either walk down Carter Street where this dissects St John's Road and the Caulkheads is facing you on the opposite side of the road, on the junction of Avenue Road (that's the B3329) and Fort Street.

Or simply walk down to the bottom of St John's Road, where it meets Avenue Road, turn right and walk back towards Sandown, where you will soon find the Caulkheads on the left hand side, just before the left spur in the road to Yaverland.
